

Shares of Swift & Company are widely distributed. The map shows the number of shareholders in each state and has been dotted to indicate the proportionate distribution.

Who is Swift & Company?

Swift & Company is not a one man or one family affair. It is a company owned by more than 40,000 people scattered over the face of the globe—forty thousand shareholders with voting powers and a share in the risks and profits of the business.

Most of the forty thousand live here in the United States. But some of them live in France, some in England, others in the Philippines, Hawaii, Alaska.

13,000 of them are women.

Nearly 14,000 of them are employees.

The average individual holdings are small—about 37 shares apiece.

No one person or family owns a majority of the stock.

In fact, it would take 900 of the largest shareholders pooled together to vote 51 per cent of the stock!

These shareholders are the men and women whose money, in the form of capital, makes Swift & Company possible.

They are jealous of the character and reputation of their organization, proud of what it is doing, proud to have a part in supplying to the world such products as Swift's Premium Ham and Bacon, Brookfield Sausage, Silverleaf Brand Pure Lard, Wool Soap, Swift & Company's fresh meats, etc.

The executives of Swift & Company maintain the high standards of these products as an imperative duty not only to the 40,000 shareholders, but to the public.

Swift & Company, U. S. A.

STORM CLOUD PROPERTY HAS FINE SHOWING

Camp Taylor Busy Place With Several Sets of Leasers Breaking Good Ore

F. M. Hopp, well known mining engineer has secured a lease on a 100-acre tract on the Storm Cloud property at Camp Taylor and is prosecuting a well directed campaign of development. The shaft has attained a depth of 27 feet and a three-foot vein of ore is showing that carries average values of \$24 a ton. As depth is attained the values are showing an increase and it looks as though a commercial body of ore was now being uncovered.

The main shaft which is being operated by O. K. Reed and asso-

ciates, is to be lowered to the 100-foot point when crosscutting will be started both north and south. At present sorting of 100 tons of ore on the dump is in order and it is expected to have a shipment ready in the course of a few days. It is estimated that when the shipment has been prepared that returns of better than \$100 a ton will be received in settlement.

A headframe is now being constructed and a hoist has been delivered on the ground and will be installed with as little delay as possible. At that time the scope of development will be broadened.

FIVE SEEKING TOGA OF HENRY CABOT LODGE

Massachusetts Has Numerous Democrats Who Think They Could Wear Shoes

BOSTON, July 31.—Five Massachusetts citizens have declared their willingness to wear the senatorial toga in Washington in the belief that 20 years' service there is enough for Senator Henry Cabot Lodge, and that he ought to be retired next March. But they have different ideas as to how this ought to be done. The matter will be submitted to the voters of this state at the primaries on September 12, and they will decide whether Senator Lodge shall make a sixth appearance as the republican nominee in the November election and which one of four Democrats shall represent the opposition. Joseph Walker, former speaker of the house of representatives, is contesting the republican nomination with Senator Lodge. He was at one time allied with the progressive wing of the party. The candidates for the democratic nomination are Col. William A. Gaston, a banker and long active in his party, Sherman L. Whipple, leading attorney, Professor Lore Sharp, of Boston University, and John Jackson Walsh, a former state senator. All are Boston men.

Mr. Walker bases his candidacy upon the argument that Senator Lodge has "reactionary" tendencies, and does not properly represent his party. Colonel Gaston in a recent address laid particular stress on opposition to the tariff bill which he said was "being forced through an unwilling congress under the leadership of Senator Lodge." Mr. Whipple in announcing his candidacy asserted that the senior senator from Massachusetts represented "the power of organized money interests" and had been "leading directly against

the great swing of progressive principles." Professor Sharp includes in his platform abolition of war, industrial peace, prohibition, low tariff, the independence of the Philippines and opposition to the soldiers' bonus. Mr. Walsh has described himself as a political idealist who believes that all things can be better than they are. He has urged "liberal individual financial support" to the democratic party which he said must before "self-supporting."

BRITISH BANTAM IS COVETING THE TITLE

LONDON, July 12.—(Associated Press by Mail.)—Thomas Harrison, of Hanley, British bantam weight champion, may go to the United States in quest of the world's title, recently won by Joe Lynch from Johnny Buff. Harrison recently knocked out Jim Higgins, the British title holder, in the 13th round of their match.

Although Harrison has established himself as superior to other English 118-pounders, many of the boxing critics believe he should bolster his record before going after Lynch, one of the cleverest little men in the world. Higgins, defeated by Harrison, was a victim of Pete Herman's outguess when the American invaded the Isles.

The right fuel for warm weather

Pearl Oil, burned in a good oil cookstove, saves the housewife a lot of unnecessary drudgery.

No coal or wood to carry — no ashes to shovel out. A clean, cool kitchen, with all the heat concentrated directly under the utensils, where it is needed.

No trouble to operate an oil cookstove, if you buy only Pearl Oil — the clean, economical kerosene that is refined and re-refined by a special process.

Sold by dealers everywhere. Order by name—Pearl Oil.
